

**VIDEO Postcard**

A World Media Productions Project

## Abstract of the Technical Disclosure

July 14, 2004

Mail Stop Missing Parts  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

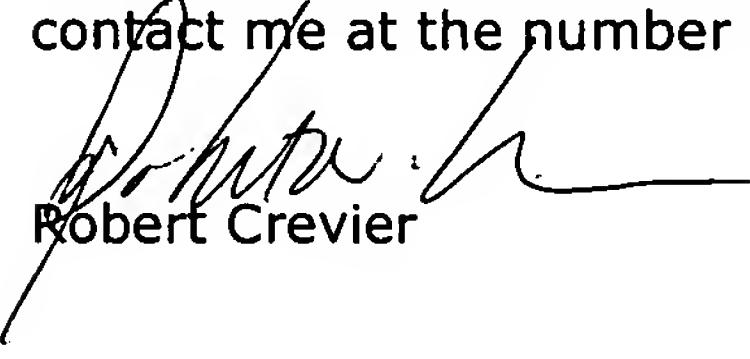

To whom it may concern;

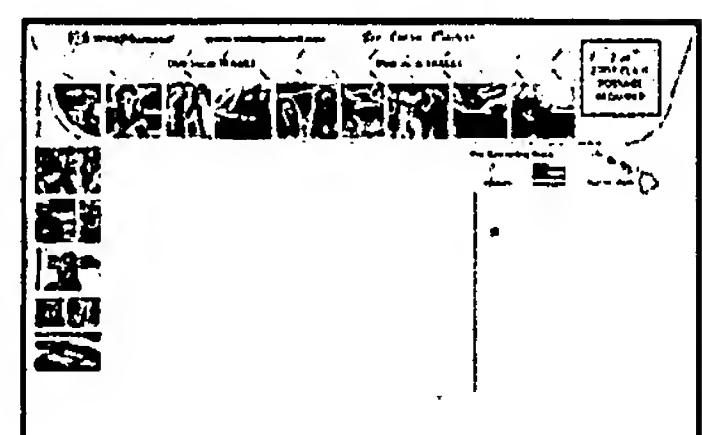

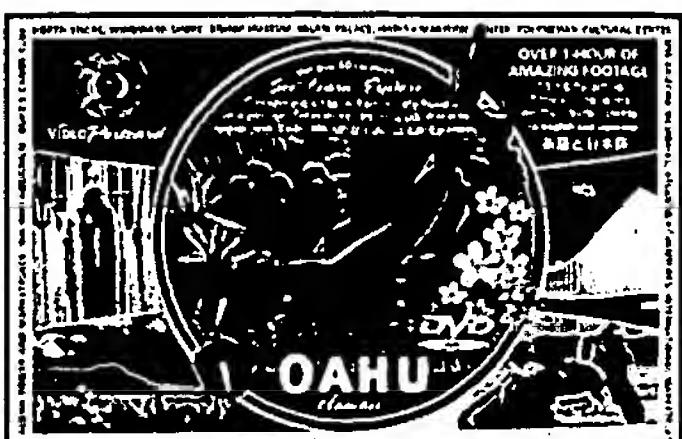

I received a notice of missing parts asking for me to sign a declaration and provide you with an Abstract of the technical disclosure. It is my attempt here to provide you what you are asking for. I was advised when I called your offices to write a paragraph stating "New in the art to which the invention pertains" Here is what I think you need:

**"The Video Postcard is new and unique to the travel and tourism industry as the first updated version of the common postcard in over one hundred years, by combining a DVD travel documentary and packaged in a custom designed postcard self-mailer. Sold as a retail item and also used in marketing efforts for those who benefit in the travel and tourism industry."**

Also included are the signed declaration and a check for \$65.00 as requested.

Please let me know if this satisfies your requests at this time. If you need anything else, please contact me at the number below. Many thanks for your help and consideration.
